I have chosen to cultivate/expand my PLN by joining organizations aligned with my teaching. This includes the Canadian Media Educators (CME) www.canadianmediaeducators.ca, an association dedicated to the professional development of faculty and administrators in Radio, Television, Broadcast Journalism and New Media programs in provincially accredited colleges and universities in Canada. CME holds a yearly Professional Development Conference, administers the CME National Awards program for students, recognizes broadcast and media industry leaders who contribute to broadcast education, provides a forum for the exchange of ideas among members, fosters and maintains close ties to industry organizations and associations such as the CAB, RTNDA, and Provincial Broadcast Associations. @CanadianMediaEd. I also appreciate the opportunity to work with the professional team at Corus Radio.
