

## *My PLN for teaching TOTAL QUALITY MANAGEMENT - Vasudevan Padmanabhan*

I have created this PLN to deliver TOTAL QUALITY MANAGEMENT. At Conestoga college I have good network to support me. Teaching and Learning will help me with Technology and improving my delivery skills. Faculty will help me continuously improve lesson planning and course content. I can also use American Society of Quality, Other colleges, and my contacts at LinkedIn and Twitter. Resources from Linda.com and OERs will help me add videos and Podcasts. I am looking forward to using my network to make learning fun and effective for my students.
