

## Ontario Extend: Technologist Module Activity - Paulsen

### Empathy Concept Map Activity

1. What does your learner think and feel? (preoccupations)
  - Overwhelmed with readings from multiple courses simultaneously
  - Assignment due dates bottle neck for multiple courses
  
2. What does your learner see? (environment)
  - Respectful learning environment where students are free to express themselves
  - Supportive classroom and department
  
3. What does your learner say and do? (behaviour)
  - Hesitant to speak in a discipline that is political due to a tragic history (Indigenous Studies)
  - Appreciates the assignment options that go outside the boxes of rubrics
  
4. What does your learner hear? (influences)
  - Guest speakers bring in first-person experiential learning that would not be available outside of the course
  - Class sharing through the online learning platform supports the learning as we go
