

# Collaborative Dining Table

## St. Lawrence College OntarioLearn Courses Setup

OntarioLearn is a consortium of 24 Ontario community colleges who have partnered to develop and deliver fully online courses. Students can access their course 24/7 and learn through a combination of curriculum delivered. I work with a fantastic team to make sure SLC OntarioLearn courses are setup and offered to the best of our ability. The group I work with ranges from inside disciplines to outside disciplines.

## **The TEAM**

### **Manager, Continuing Education • Tri-Campus:**

- Inside discipline
- Leadership Role

### **Program Officer & Distance Education:**

- Inside Discipline
- Administrative setup SLC courses

### **eLearning Developer & Support Technologist:**

- Inside Discipline
- Technical and development SLC courses

### **OntarioLearn Facilitators:**

- Outside Discipline
- Subject matter expert

### **Administrators, OntarioLearn:**

- Outside Discipline
- Administrative setup all 24 Colleges

### **OntarioLearn Student:**

- Outside Discipline
- Course participant/Feedback

From the above list, I can say that I work well with all the roles & individuals. Each role is needed to be able to achieve the result we aim for. Our mode of communication is always virtual, using email as the main form of communication due to everyone being in different locations. Each member brings different strengths to the table, leadership, technical, administrative, SME or students taking the course and providing needed feedback. We are constantly planning, organizing, improving, editing, and communicating. This collaboration dining table is constant we are always sitting at the table in some way or another.

Thank you,  
Angie Covey
