

### **Post secondary research questions**

Please choose 5 post-secondary institutions and visit their website to find answers to the following. Please answer the questions in the font colour that has been assigned to you.

Institution Name:

1. Where is it located and where would you live?
2. What program(s) sound most interesting?
3. In addition to learning, do students develop work experience?
4. What is the size of the school and how big are the classes? (is it suitable for sensory challenges?)
5. What services are offered by the Learning Support Services department?
6. How much will it cost (tuition, textbooks, residence)? Is there bursary money available?
