

Course Redesign Planning Document

Example learning objective	Current way the objective is assessed	Blended/SS/Mobile learning approach to support the objective	Why ?	How?
<p><i>Identify and Classify examples of parasitic mites</i></p>	<p><i>During labs, students share a variety of examples and work individually to complete identification and classification sheets</i></p>	<p><i>Provide access to a mobile friendly image website from the course site.</i></p>	<p><i>There's not enough lab time to give students sufficient practice time. Students can practice their identification and classification skills in their own time as additional to their organised laboratory activities. A mobile accessible database makes it easier for students to pull up the information during labs.</i></p>	<p><i>Students as creators: As part of a class activity, students will create an open image database that allows other experts from around the world to contribute to it.</i></p>
<p><i>Ways to engage volunteers</i></p>	<p><i>Discuss options as class and review Volunteer Canada's Bridging the Gap report.</i></p>	<p><i>In review of these resources I would extend the learning through the integration of an online active listening quiz. I will further my</i></p>	<p><i>It is easy not to review information if there is no associated activity to</i></p>	<p><i>I will create an online quiz to be completed well viewing the materials as pre class work.</i></p>

	<p>https://volunteer.ca/index.php?MenuItemID=362</p> <p>https://www.youtube.com/watch?v=-eNEqgH7FWI</p>	<p>learning with the quizlet resources.</p>	<p>demonstrate the review.</p>	
<p><i>Creation of volunteer job descriptions</i></p>	<p><i>We work as a group in class to create job descriptions with a provided outline. We share with class once job descriptions are created.</i></p>	<p><i>Review the Volunteer Waterloo Region website to create a mock position.</i></p> <p>https://volunteerwr.ca/</p>	<p><i>The activity is limited to past volunteer recruitment practices.</i></p>	<p><i>I could have a college work with the class (create a video) to assist in guiding students through the platform for volunteer recruitment.</i></p>
