

# My shiny padlet

ZUBIA QURESHI JUN 23, 2023 12:03AM UTC

To have a more impactful interview, the interviewer must be aware of their body language. Some points to consider are:

- Handshake
- Eye contact
- Distance
- Active listening skills
- Be aware of your hands
- Look interested

Practice saying your interview answers out loud and practice communication through your body language as well, for a strong lasting impression, in an interview.
